Appreciation letter

On behalf of the Ministry of Health, The International Cooperation Directorate would like to convey its sincere gratitude and deep appreciation to **Prof. Paola Manduca** for her dedicated efforts and support in providing a portable ultrasound with ECHO doppler to Shifa Neonatal ICU.

This donation will certainly assist the MOH medical staff in detecting and diagnosing cardiac congenital anomalies among newborns.

We reiterate our high considerations of Prof. Paola's fruitful cooperation and her concern to improving the health care services provided to the Palestinian patients in the Gaza Strip.

Sincerely,

Dr. Abdullatif Alhaj
Director General
International Cooperation Directorate
Ministry of Health
